

# “Simplicity of Complexity”

**When :** February 1, 2008

**Where :** Bomenentrum Nederland  
Het Groene Paviljoen  
Zandheuvelweg 7, 3744 MN Baarn  
*A beautiful unique place in FengShui style*

**Price :** € 350,- incl. VAT  
Incl. : pre-book version Complexity & Evolution  
of Francis Heylighen and a personally signed booklet of Manuel Presti.

**Language :** English

**Speakers :** **Francis Heylighen**, professor at Brussels university, will give an introduction on Complexity (chaos etc.) and systems approaches. Basic concepts will be explained and highlighted with examples from daily life.  
<http://pespmc1.vub.ac.be/HEYL.html>

**Manuel Presti**, a nature photographer of world class, - awarded BBC Wildlife photographer of the year in 2005 – will present impressions of nature and discuss his experiences in nature. His world famous pictures of flocks of starlings behaving as a single entity will be part of feeling connectivity at work.
